To whom it may concern:

YCC #24 (a townhouse condominium corporation) has retained the services of New Canadian Drain & Plumbing on several occasions for very difficult plumbing and drain needs and have always been completely satisfied. They deliver top class workmanship, are always punctual and offer exceptionally competitive rates in the Greater Toronto Area.

We have found the company to be responsive, honest, caring and reasonable which characteristics are the very criteria by which we generally select our "go to" list of dependable and trustworthy contractors.

YCC #24 will therefore continue to trust in New Canadian Drain & Plumbing (Igor & Iman) for all our major plumbing and drain needs and we are confident in recommending their services to others.

Please feel free to contact me if you have any questions.

Sincerely,

J.F. Lucey
